Coinbase for Bitcoin Payments Here's how to install and configure Coinbase. 1. Sign up for Coinbase, configure your then get the Payment Button snippet f

1. Sign up for Coinbase, configure your Company Profile, then get the Payment Button snippet from coinbase.com/merchant_tools. Paste it into your index.html; you can customize it to be something like this (note bolded parts):

Generate Button Code

Preview:

Pay with Bitcoin (B)

Payment button embed code:

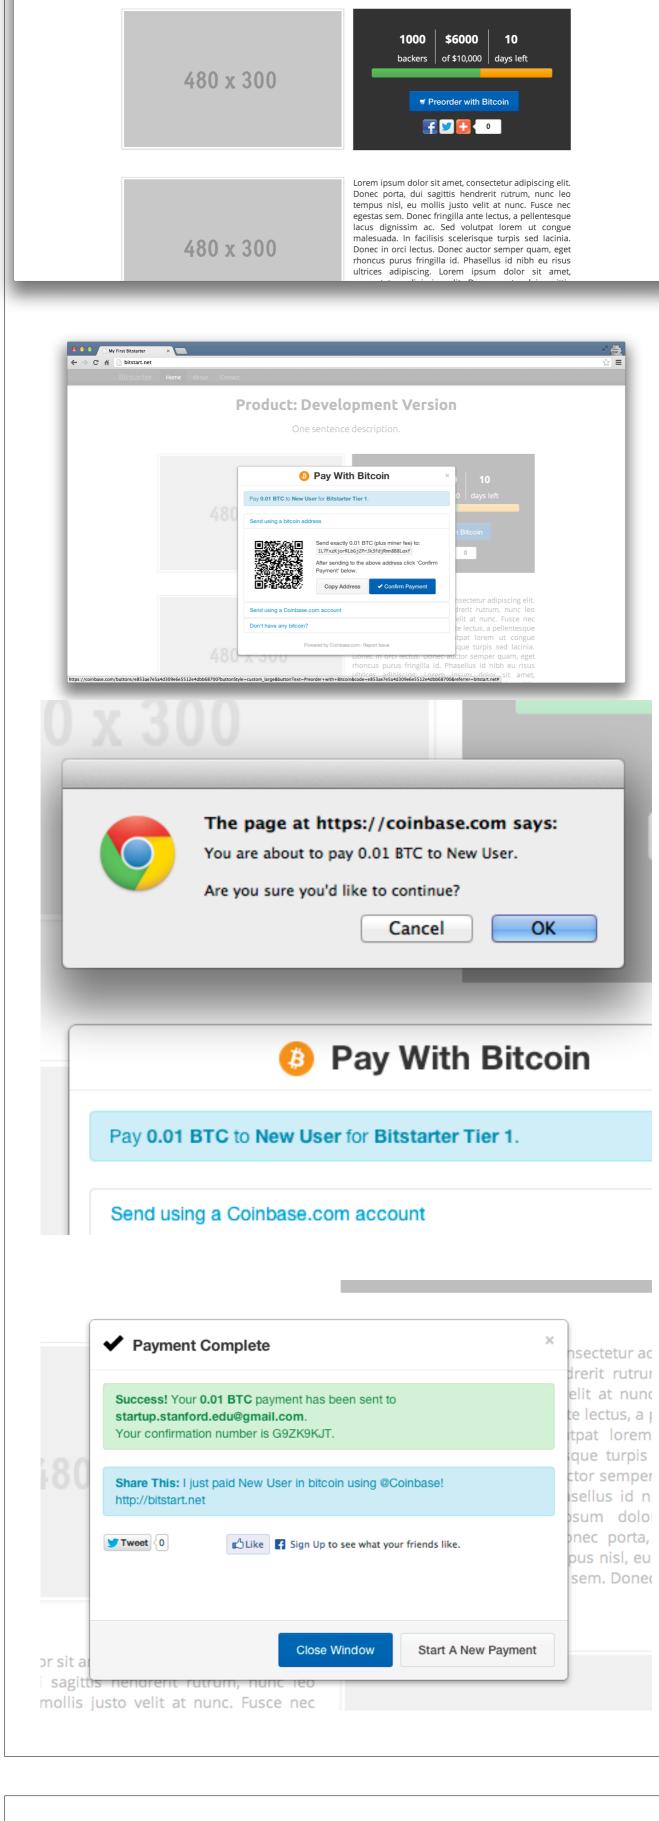

2. If you customized the button and deployed it,

your URL will look something like this. Experiment

with a payment as shown. You'll need some Bitcoin in

another Coinbase account to test it out. If in the US,

just get some from Coinbase. If not in the US, try
